TERMS OF SALE

Prices herein are net, no discount. Packing at cost.

All goods are forwarded at purchaser's risk.

Claims for errors, deductions, etc., must be made within ten days after goods arrive at destination to receive attention.

We guarantee stock to be true to name and in good condition when it leaves our grounds.

While we exercise the greatest care to have every tree or plant true to name, and are ready, on proper proofs, to replace anything sent out by us that may prove untrue to label, free of charge or refund the money paid for it, it is understood and agreed, between purchaser and ourselves, that we are not to be held liable for any greater sum than that paid us for said trees that prove untrue.

All orders are accepted on condition that they shall be void should injury befall the stock from frost, hail, fire, or other causes over which we have no control.

Prices subject to change without notice.

Certificate of inspection with each shipment.

Fruit Tree Seedlings

The Apple and Pear stocks offered below were frequently and carefully sprayed throughout the growing season, and handled carefully at digging time. We guarantee them to give satisfaction.

The Japan Pear are unusually good. The foliage was perfect throughout the season. The stand was good, consequently seedlings are not overgrown. Nice even grades, sure to please you.
